

'GERIATIC DAY' REPORT

Faculty, students and patients were briefed about the World Geriatric Day and geriatric patients were counselled about the importance of oral health and nutritional status and were provided with denture cleansing tabs and denture cleansing brushes for the entire week. On this occasion poster and paper presentation competition for undergraduate and postgraduate students were held by the Department of Prosthodontics. Based upon creativity and presentation ability 2 best posters and 2 best papers were awarded with prize and certificates. All participants were awarded with certificates.
