

DR. VIDYA DODWAD

SR. NO.	TITLE
1	A Study of Etiology and Severity of Gingival Recession among young adults in Belgaum District.
2	Diabetes and periodontal Disease – Is it a two way Street?
3	Animal Models in Periodontal Research – A Review.
4	Implants – a periodontist’s respective
5	Comparison of Chlorhexidine Mouthwash with Chlorhexidine Mouthwash containing Zinc + Sodium fluoride
6	Healing of Periodontal flaps when closed with Silk Sutures and N- butyl Cynoacrylate- A clinical & histological Study
7	Comparative Evaluation of Efficacy of Herbal Extract, Bisbiguanide and Povidine Iodine containing Mouthwash – A Clinico Microbiological Study.
8	Natural Mouthwashes – A Promising innovation in dentistry.
9	Pediatric dentistry –caring for the child
10	Leech Therapy in Dentistry – Are we there yet?
11	Aloe Vera: Nature’s Soothing healer to periodontal disease
12	Comparative evaluation of efficacy of Aloe Vera gel, Irrigation following Scaling / root Planing & Scaling / root Planning alone .A clinico Microbiological Study.
13	Propolis Mouthwash – A new beginning.
14	A comparative evaluation of Oral health Practices & periodontal status among dental & paramedical Students. An epidemiological survey.
15	Comparative evaluation of Punica Granatum & Chlorhexidine on plaque & Gingivitis.
16	Geriatric dentistry-care for the elderly.
17	Puberty induced gingival enlargement – a case report
18	Toothpaste wars-to assess the efficacy of herbal homeopathic and a conventional toothpaste in the control of plaque and gingivitis- a clinico-biological study
19	Orofacial granulomatosis-onset with gingival lesion- a case report.
20	Yogurt may take the bite out of gum disease: the probiotic way.
21	Relationship of Endodontic-periodontic lesion- A Rationale Approach for treatment
22	Role of genetics in Periodontal disease
23	Herbal Mouthwashes – A Gift of Nature.
24	Depigmentation: A Cornerstone in Gingival Esthetics (Case Series)
25	Reduction of Hypersensitivity using Bioactive Dentifrice.
26	Changing paradigm in pocket therapy- Ozone vs Conventional irrigation
27	Clinical Efficacy of Subgingivally Delivered 0.5% Controlled Release Azithromycin Gel in the Management of Chronic Periodontitis
28	Comparative Anti-plaque and Anti-gingivitis Efficacy of Two Commercially Available Mouthwashes - 4 Weeks Clinical Study.
29	Perio – aesthetic rejuvenation
30	Comparative Evaluation of 1% Curcumin solution and 0.2% Chlorhexidine irrigation as an adjunct to scaling and rootplaning in management of chronic periodontitis: A Clinicomicrobiological study
31	Robotic Dentistry - The Future is at the Horizon
32	Oral Health Maintenance - A Way to Good General Health.

33	Biomimetics - The New Pathway for Regenerating Tissue.
34	The Law and Medical Negligence: an overview
35	Magic bullet to treat periodontitis: a targeted approach
36	Chemically modified tetracyclines: an emerging host modulatory therapy
37	Effect of Locally Delivered Tetracyclines as an Adjunct to Scaling and Root planing on HbA1c, C Reactive Protein and Lipid Profile in Type 2 Diabetes: A Clinico Biochemical Study
38	Photodynamic therapy
39	Comparative evaluation of 0.2% CHX versus herbal oral rinse on plaque induced gingivitis.
40	Local Drug Delivery in Periodontics
41	Effect and Determination of Obesity and Smoking as risk factor for periodontal Disease: A Cross Sectional Study
42	Simvastatin and Periodontal Regeneration
43	Host Modulation Therapy in Periodontics
44	Stem cells a window to regenerative dentistry
45	Effect of controlled release Perio chip on clinical and microbiological parameters in patients of chronic periodontitis
46	A Comparative Evaluation of the Efficacy of Glycine Air Polishing following Scaling and Root Planing & Scaling and Root Planing Alone in the Treatment of Chronic Periodontitis : A Clinical Study.
47	Evaluation of the Clinical Efficacy of a new Desensitizing Tooth Paste Containing Nano-crystalline Hydroxyapatite in Dentine Hypersensitivity Patients
48	Gingival Depigmentation: A case series
49	Infant Oral Health Care: Guard the Present for a Healthy Future
50	Clinical efficacy of 1% aledronate gel as local drug delivery system in treatment of chronic periodontitis
51	The Enzyme activity of alkaline phosphatase in GCF in smokers and non-smokers with chronic periodontitis before & after phase I therapy.
52	Establishing an association between Renal failure & Periodontal Health: A cross sectional study.
53	Significance of Ethics in Dental Education and Professionalism: An Insight on Present Scenario
54	Effect of Self Contaminated Toothbrush and Disinfectant on Plaque Microflora
55	Needle stick injuries in Dentistry
56	Periosteal fenestration vestibuloplasty procedure for sulcus deepening in hemi mandibulectomy patient following implant therapy
57	Restorative Aspects of Periodontal Diseases: An Update Part 1
58	Clinical efficacy of subgingivally delivered 0.5% controlled release clarithromycin gel in the management of Chronic Periodontitis
59	Natural Antioxidant : Coenzyme Q ₁₀ (Perio Q) TM in management of Chronic Periodontitis- A Clinical Study
60	Effects of Academic Stress on Gingival and Periodontal Health- A Questionnaire Study
61	Autologous Platelet Rich Fibrin: A Boon to Periodontal Regeneration- Report of Two Cases
62	Association of interleukin -1 α (-889) gene. Polymorphism in patients with generalized and chronic periodontitis

63	Fighting five Categories of of enlargement. From big gums to big smile-A case series
64	Assessment of 4% Ocimum Sanctum and 0.2% Chlorhexidine gation as an Adjunct to Scaling & Root Planning in Management of Chronic Periodontitis
65	Nanotechnology: The Beginning of New Era
66	A Questionnaire Based Survey Of Knowledge, Attitude and Practise Of Antibiotics Among Dental and Paramedical Students-A Cross Sectional Survey
67	Comparative Evaluation Of The Efficacy Of Diode Laser as an Adjunct to Stannous Flouride in the Management of Dentinal Hypersensitivity: A Clinical Study
68	Pink in , black out: gingival depigmentation- a clinical study
69	Comparing the Effect of three different mouthwashes Cranberry, HIORA, and Chorhexidine on the management of periodontal diseases
70	Evaluation of Clinical Efficacy of 0.2% Chlorhexidine Irrigation, 1.5% Chlorhexidine gel and 2.5mg biodegradable Chlorhexidine chip as an adjunct to scaling and root Planning in the management of chronic periodontitis
71	Effect of smoking in periodontal tissue health- a review
72	Clowning in Dental Health Care Settings: The Point of View of Dental Student
73	Awareness & attitude regarding biomedical wasted Disposal among post graduates, under graduates students & auxiliary staff of a dental college- a questionnaire survey
74	Evaluation of Mouthwash containing Lactobacillus in Localized Periodontal Pocket as an adjunct to Non Surgical Periodontitis -A Clinical & Microbiological Study
75	Clown language training in dental education: dental students perspective
76	Comparative clinical evaluation of gallium-aluminum- arsenide diode laser and potassium nitrate in treating dentinal hypersensitivity.
77	Comparative evaluation of the efficacy of locally delivered 0.1% curcumin irrigation, meswak irrigation and 0.2% CHX irrigation in management Chronic periodontitis patients.
78	Enhancing implant stability with osseodensification- a review
79	Micro-osteoperforations: Minimally Invasive Corticotomy Procedure For Accelerated Orthodontic Treatment: A Case Report
80	Comparative evaluation of genotoxic effect in subjects with chronic periodontitis with and without type 2 diabetes mellitus.
81	A comparison of efficacy of scaling and root planning with application of pomogrante chip, pomegranate gel and scaling and root planing in sufferers with adult periodontitis : a prospective study
