Second Clinical Faculty Meet

A second clinical faculty meet was held under the aegis of clinical faculty meet by the Department of Oral Pathology & Microbiology at Bharati Vidyapeeth (Deemed to be University) Dental College and Hospital, Sangli on 31st March, 2021 at 10:30 am. Topic of the presentation was **“Role of Radiological and Histopathological Features in Management of Unicystic Ameloblastoma: A report of 3 cases”**. It was presented by Dr. Madhuri Sale-Patil, Assistant Professor, Department of Oral Pathology & Microbiology, Bharati Vidyapeeth (Deemed to be University) Dental College and Hospital, Sangli.

The presentation was regarding case series of unicystic ameloblastomas reported to dental college in past years; it's diagnosis and prognostic values based on management and presented role of an oral pathologist in diagnosis of Ameloblastomas and importance of frequent follow up based on histopathological and radiological examinations if early recurrence happening in the benefit of patient.

It was well attended by almost all the head of departments and faculty members of every department of our dental hospital. Such clinico-pathological presentations and narratives will provide a greater paradigm for faculties to improvise case based treatment approaches as well as interdisciplinary collaborations, that will enhance the quality of continuing dental education and research.
